# EMERGENCY OPERATIONS PLAN (EOP)

The development and implementation of an emergency operations plan is required for government agencies or districts for use in the Incident Command System (ICS) protocols. An EOP details what a facility or agency will do during a disaster.

## EXPERIENCED CONSULTANTS

Our team will collaborate with your staff to prepare an emergency plan that provides up-to-date required information and coordination of resources in dealing with various emergency situations.

## SCOPE OF WORK

We will review and update current information and collect specific organizational data to restructure a new, easy to navigate plan. Provide training to key staff on the implementation of the plan.

## WHAT TO EXPECT

We will provide a living document that is easy to access and edit. The document can be used for table top scenario training, as well as a variety of real emergencies.
