# RISK ASSESSMENT REPORT & VIDEO

The need for safe schools and work places has become more imperative than ever. We want to help educate, mitigate, and prepare for the unforeseen future.

## SUBJECT MATTER EXPERTS

Our team will help you identify physical and cyber security vulnerabilities, assess emergency preparedness procedures, make recommendations to your emergency plans, and more.

## COST EFFICIENT SOLUTIONS

We provide a detailed report, customized training video, virtual presentation, and Q&A session by one of our subject matter experts.

## QUICK TURNAROUND

KSL, Inc. provides a written report and presentation within 15 working days from the initial site visit and risk assessment.
