

School Lockdown Training - In-Person

CA SB 553 Compliant

Our 2, 3, or 4-hour site-specific lockdown training courses are designed for up to 125 school employees (maximum of 32 people per station). The training curriculum is designed based on the layout of the property as well as the design of the building or area where the employees work. In this training, four subject matter expert instructors will provide specific instruction regarding workplace violence prevention and mitigation. The attendees will learn both evacuation and lockdown best practices and conduct walk through scenarios for various emergency situations. Attendees will learn vital skills such as situational awareness, best practices for response options to workplace violence, and physical response options such as using a fire extinguisher as an improvised weapon. The conclusion of the training event includes a timed, live drill to help attendees self-evaluate their responses to a mock emergency.

KSL, Inc. is responsible for providing all equipment including fire extinguishers, portable radios, signs in English and Spanish, mobile hand sanitizing stations, training aides, and any other necessary equipment. KSL, Inc. is also responsible for sending subject matter expert consultants to the training to instruct your staff. This site-specific training program is recognized statewide and is being utilized by state, county, and municipal agencies, and departments. This program is also utilized by hundreds of California school districts, colleges, public and private organizations, and churches.

At the end of each event, all participants will be given an electronic course survey to complete. The surveys will be compiled into a single after-action report. The report will be provided to the client within 30 days following the training event. The after-action report includes a detailed course evaluation from each attendee and site-specific information and recommendations for each location.

Included

- 2, 3, or 4-Hour Site-Specific lockdown training. Instructors provide lectures, discussions, and role-playing exercises to guide participants in preventing and responding to school violence.
- 4 to 5-member instructor team will develop and provide a custom training outline with multiple site-specific scenario stations.

Pricing

- **\$7,995**
for groups up to 125 per site
- **\$4,995**
for groups up to 40 attendees

Sample Training Outline

- **Introduction & Objectives:** Provides an overview of safety strategies designed to manage and reduce the risk of an active threat on school campuses. Instructors introduce nationally recognized response principles—Run, Hide, Fight—and explain how these apply during and after a school-based emergency.
- **Situational Awareness:** Attendees are trained to identify threats early using the OODA loop (Observe, Orient, Decide, Act) model. This segment emphasizes recognizing danger from a distance, evaluating available options, and implementing appropriate physical or procedural responses.
- **Classroom Lockdown Strategies:** Instructors lead live demonstrations on how to effectively secure a classroom during an active threat. The session includes practical tips and a guided discussion on lockdown techniques that prioritize safety and rapid response.
- **Office Lockdown Procedures:** Focuses on securing or evacuating administrative areas during emergencies. Participants learn how to issue effective public safety announcements and practice tailored lockdown strategies for offices and shared spaces.
- **Improvised Defense Options:** Instructors demonstrate how to utilize common items, such as fire extinguishers, as improvised tools for last-resort defense. Practical examples and group discussion help reinforce safe decision-making under duress.
- **Live Drill Exercise:** Participants engage in a live emergency drill designed to assess their retention and application of learned lockdown protocols. The drill simulates a realistic active threat scenario to enhance preparedness and confidence.
- **Q&A + Site-Specific Consultation:** The course concludes with a Q&A session and site-specific guidance. Instructors answer questions related to workplace violence reporting, role-specific responsibilities, and individual workspace concerns not addressed during the main training.

School Lockdown Training - Virtual CA SB 553 Compliant

KSL, Inc. will collaborate with the client to provide a virtual TK-12 school lockdown training event, designed to accommodate groups of up to 125 per session. KSL, Inc. uses evidence-based practices to empower your staff to create positive muscle memory reactions through training that creates high stress scenarios with fight or flight responses. KSL, Inc. takes information regarding the layout of a school campus and applies it to real life dangerous events. Our instructors will train school staff on how to conduct a lockdown safely, efficiently, and effectively during an emergency. Our team of law enforcement instructors and role players have extensive training including SWAT, Investigations, Incident Command, Narcotics Task Force, Military, and Corrections backgrounds.

At the end of each event, all participants will be given an electronic course survey to complete. The surveys will be compiled into a single after-action report. The report will be provided to the client within 30 days following the training event. The after-action report includes a detailed course evaluation from each attendee and site-specific information and recommendations for each location.

Included

- 90 Minutes to up to 3 Hours customized lockdown training via a virtual platform. Instructors provide lectures, discussions, and role-playing exercises to guide participants in preventing and responding to school violence.
- 3 to 5-member instructor team will develop and provide a custom training outline with multiple site-specific scenario stations.

Pricing

- **\$6,995** for groups of up to 125 per session

Sample Training Outline

- **Introduction & Objectives:** Introduces essential safety strategies to reduce risk and respond to active threats on school campuses. Participants review nationally recognized response protocols—including Run, Hide, Fight—and discuss recommended actions during and after a crisis.
- **Situational Awareness:** Teaches attendees how to recognize and assess potential threats from a distance using the OODA loop decision-making model. Participants explore how early recognition and thoughtful observation can support faster, more effective responses.
- **Classroom Lockdown Strategies:** A KSL-produced training video demonstrates best practices for securing a classroom during an intruder or active threat scenario. Instructors facilitate a post-video discussion that reinforces site-specific lockdown procedures and safe response techniques.
- **Office Lockdown Procedures:** Through a KSL instructional video, participants learn how to secure administrative offices and communicate effectively with public safety personnel during an emergency. Instructors follow with live discussion tailored to site conditions and response protocols.
- **Improvised Defense Options:** In a video-led demonstration, attendees explore how to use accessible items—such as fire extinguishers—as improvised defensive tools in crisis scenarios. Instructors lead a follow-up discussion highlighting realistic, last-resort resistance options and safe implementation.
- **Q&A + Site-Specific Consultation:** Concludes the course with live Q&A, allowing attendees to ask specific questions related to their own site layouts, roles, and responsibilities. Instructors provide practical guidance on lockdown readiness, active threat response, and workplace violence reporting.

School Lockdown Training - CA SB 553 Compliant

Prepare your staff with virtual or in-person site-specific lockdown drills that teach situational awareness, active threat response, improvised defense, and CA SB 553 & AB 1858 compliance requirements.

Is your school ready for an emergency?

Schools must be prepared to respond effectively to threats of violence. Our site-specific lockdown training equips staff with the knowledge, skills, and confidence to act swiftly and appropriately in crisis situations.

Our team of seasoned safety professionals have decades of real-world experience. With backgrounds in the California Highway Patrol (CHP), FBI task forces, military, and emergency medical services, our instructors bring practical, field-tested knowledge to every training.

Training Highlights

- Learn to recognize and respond to potential threats before they escalate.
- Practical strategies for securing classrooms, offices, and school grounds.
- Understand nationally recognized principles, including Run, Hide, Fight.
- Learn how to use everyday objects as defensive tools in a crisis.
- Hands-on training with real-world simulations to reinforce emergency response skills.
- Direct consultation with subject matter experts to address site-specific concerns.
