

Emergency Trauma Kit

Expertly assembled with law enforcement grade high-quality products, each item is carefully chosen to provide essential support for treating life threatening wounds, including those encountered during an active shooter event or situations requiring Stop the Bleed training.

Immediate Response

Stop life-threatening bleeding and provide critical aid before first responders arrive.

Peace of Mind

Designed for everyone, from first responders to families, workplaces, and outdoor enthusiasts.

Compliance with AB 2260 and SB-868

California's AB 2260 mandates trauma kits be in large occupancy buildings. SB-868 mandates trauma kits be in every classroom in California.
